China Chamber of International Commerce

Please accept my appreciation for the invitation from China Chamber of International Commerce for the 2020 China Committee Meeting of China – Arab Joint Chamber of Commerce.

I am impressed by the remarks and speeches given by CCOIC, and other distinguished guests. The UAE and China economic and trade cooperation are steady and promising, and we are confident enough that the epidemic cannot impact the progress of the bilateral cooperation with broad prospects for the future.

It was valuable to contribute and the meeting turns out very productive and constructive. Thank you again for the meeting, we are looking forward to the next gathering in the near future to discuss the potential cooperation.

With warmest regards,

Dr. Ali Obaid Al Dhaheri
UAE Ambassador to China
